Downlow

ref.:
on top, down low, in my own place in my secret space
if its about stroking my nerves
or the feeling when somebody surfs
through your skin and head

they don't leave
body odour,
smells like fear and the horr
oh so fucking bitter and rough
they don't leave

They don't leave I cant bear appear

ref.:
scratch open head skin
s not a self destruction thing
its more a changing in emphasis
of hurt and pain
always coming again
have no idea for a plan
they don't leave

They don't leave I cant bear appear

Gay with a lesbian

ref.:

Lesbian, I am, I'm gay with a lesbian.....

going out was not the thing I did much last time
i Had lot to do, have not been feeling so fine
so I thought it would be fucking better for me
going on stalk caress my "cureologie"
her beautiful teeth were the reason for my love at least
and after Smalltalk I have asked for a little kiss
said I could do what I want, she doesn't like men
she'd be a lesbian

ref.:

every minute that I see her my love `s growing on
so the time has come to think of what could be done
kissed another man provoke a petty jealousy
instead of being jealous she told all I'd be gay
to jump in women clothing didn't help me really a lot
she told me fucking cold that I would look like a pot
all that's left of her `s my friend say again and again

i'm a gay lesbian

Ham and eggs (Herman & Seth)

ref.:

ham and eggs for breakfast
am I waiting for you
a piece red cake and a cup of coffee too

sitting in a bus with couple guys I think it were 8
a trip to Italy was planed, my bus was old, took 13 hours,
100reds rates
we were all so drunk piss every fucking parking lot
an old bus and in traffic jam climbs temperature, it was
pretty hot

fast part:

properly pushing in and out, got stock s never coming out
properly pushing in and out, got stock s never coming out
properly pushing in and out, got stock s never coming out
properly pushing in and out, got stock s never coming out

then we, got free, thank god it was with me
the easy way to come around, we simply knocked police man
down

ref.:

now to come to Seth's story, it's pretty macabre
he was pissed like no one else, slept our hole ride through,
we did what we had to do
today he would not, if he knew what's gonna be
no scream, no loud, not even a move, in spite an corn cob in
his middle east

fast part: properly

then we, got him free, thank god it was not me
the thing we pulled out of his ass, a corn cob yellow brown
and fat.

ref.:

a long way from the camping court down hill to the beach
makes the hardest man get wounded, we had a wolf right
from buttock to the knees
I know this feelings hard but Herman what a fuck
Herman left malicious closed and stuffed my socks between
his wounded butt

fast part: properly

oh hell, what I see, goddamn it was me
who has worn this fucking socks he had whole night in his
butt

is everything you do
have been throughout, come back in,
with a grin, do the same again
if you think that you can be a man
take the piss out of me, I be what I be
left ear in and the next way out, what was that about
did my work wasn't good,
know I should but I did what I could
don't anyone see, it's me, it is me and I be what I be
even if this means it's the end of peace

ref.:

falling down ,standing up, climbing back on top
no matter what I've got or maybe not got
got hit, little bit, give a fuck on it
man I don't really care of this rough shit

know I should but I did what I could
don't anyone see, it's me, it is me and I be what I be
even if this means it's the end of peace

No contact to Radisson

ref.:

wish handsome people would've not gone
everything I did was wrong
rivers flow downtown
no contact to American Radisson

the trap you step in if you try to
talk yourself into believe that you could
be best friend over thousand miles
far away a long hard flight
you've been here just for a while
1 month's enough to make me smile
your funny way you say some words
like "its so cute" like singing birds

ref.:

your eyes are all time open, weak
she doesn't really let me sleep
everywhere and all around
you influence my life and sound
hope in this case it doesn't let
time makes me not to forget that
sometimes I am such afraid
this fucking feeling escalates

ref.:

your eyes are all time open, weak
she doesn't really let me sleep
everywhere and all around
you influence my life and sound
her dreams are in a dazzle light
let all the suns vaporize
make me laugh, cry or smile
talk without a word sometime

No friend of mine

ref.:

i can't say why
how should I try
i can't tell you why
he's no friend of mine

in a glossy orange and dark plum
heal yourself with a cold thump
've found a shelter of disorder
fuck you did it, you formed her

ref.:

spruce up yourself for surroundings
like the sphere of naked eyelids
don't flutter of blood hot red
a sweet stench of, her living dead

you are lost like I was once there
a hole so deep amazing
think you'll never get out of here
we know you will, if you want
just have to do an fight on
the stooping days are gone
if we did everyone can do the

ref.:

we don't wanna rule the world
only want spend our life there
have to make it through all this
